# LIBERTY CITY POLICE SKIN PACK

*The first instalment in the Liberty City Emergency Services Pack.*

---

This skin pack is released as a pre-release/preview of my WIP Liberty City Emergency Services pack. The final pack will be released with models + data files to enable an easier installation. But, as parts of the pack are finished, I will release these smaller skin packs.

This pack includes skins for vehicles from NicolaiB's Mega Pack; 4 variants for the CVPI, 4 variants for the Dodge Charger and 1 skin for the Dodge Caravan (with the intention of utilising the Supervisor window textures).

The vehicles can be downloaded here:

<http://www.lcpdfr.com/files/file/3192-nbs-mega-car-pack-vol-1/>

Thank-you for downloading this pack, your support is appreciated. Please remember to rate the file on LCPDFR.com and leave a comment with your opinions.

If you have any suggestions for my upcoming releases, please contact me on LCPDFR.com.
